

Cloverly STEM Family Festival

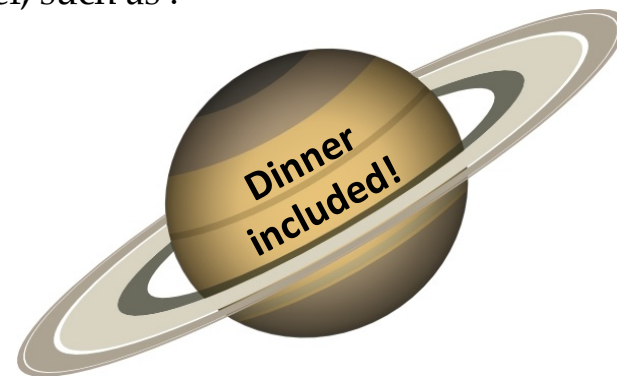

Thursday, March 21, 2019 at Cloverly Elementary School
Dinner starts at 5:30 pm; main program runs from 6:30 pm to 8:00 pm

Thanks to a grant from the Bayer Corporation and support from National PTA, this year's Cloverly STEM Night will include many exciting activities for families to do together, such as :

- **Build a hovercraft**
- **CSI chromatography on Magic Markers**
- **Raisin submarines**
- **Extract solid iron from breakfast cereal**
- **Balloon shish-kabobs**
- **Popsicle stick chain reactions**

Plus...

- *STEM Career presentations by members of our Cloverly community*
- *Planetarium show in the gym*
- *Raffles for fun STEM prizes*
- *All students will take home a Rainbow-Maker (spectroscope) as a science souvenir!*

Afterwards, weather permitting, we will have a "Star Party" outside the school, with telescope viewing of star clusters, double stars, and more!

Please RSVP at <http://bit.ly/CSFF2019> so we can plan enough food and experiment supplies for everyone

Please note : This is a different event than our annual Science Fair (with student projects), which is scheduled for May 20.
