Direct Appeal: The feedback we received from parents last year often revolved around the frequency of fund raising events. Too many events, not enough time, tough on scheduling....so this year we opted to pull some of the smaller fund raising events and focus on a direct appeal approach. We have a lot of work to do that often requires financial support, please consider including a financial donation today with your membership fees. **Every dollar counts, any amount is greatly appreciated.** If donating financial at this time is not for you at this time, we need plenty of "people hours", please consider donating your time, ideas, and skills. See reverse side. Donations are accepted any time during the year.
